## Superb Lines Characterize Every Wooltex and Printzess Suit .....

WONDERFUL LINES—that's the secret of the universal be-  
comingness of our WOOLTEX and PRINTZESS SUITS.  
They are planned by master designers who study the clothes-  
needs of fastidious American women. A distinctive model for  
every type of figure is the result—with every garment possessing  
that indescribable something which the French call "lines."

And the Wooltex and Printzess guarantees are abso-  
lute assurances that the fabrics of which these are  
made are all wool and that the garments will give two  
season's satisfactory service.

The suit shown here is a beautiful illustration of superb  
lines and exquisite tailoring. Every seam tends to the general  
effect of dignity, good taste and a simplicity of style that is only  
successfully attained by correct designing. It is but one of  
many charming WOOLTEX and PRINTZESS models which solve  
delightfully and easily your spring suit problem.

Come to the store and let us show you other equally at-  
tractive styles.
